

## Mayoral Elections In Illinois Cities

### GOP Wins In Most Balloting

By The Associated Press  
Republicans were victorious in most of the major downstate city elections today.

Among cities where G.O.P. mayoral candidates were elected were Rock Island, Moline, Waukegan, Kankakee, and Jacksonville. Democrats won in Lincoln and Murphysboro. In some cases, the elections were non-partisan.

In local option elections, the wet forces held their ground. They were victorious in 21 of 37 reporting. They recaptured one town which previously had gone dry—Sidell. They lost one which had been wet—Fairmount. In the others, towns that were dry remained that way. Towns where liquor is sold will continue to sell liquor.

#### McKay Wins In Rock Island

Melvin L. McKay, Republican, was re-elected mayor of Rock Island in a ding-dong contest over Sam M. Arndt, Democratic state central committeeman. The count was 7,837 to 7,219.

Hjalmer Oakleaf, a Republican alderman, was elected mayor of Moline over two opponents. His nearest opponent was Cyril Blomdell, Democrat, whom Oakleaf defeated by a count of 5,770 to 3,400.

Other results included:  
Waukegan—Robert E. Coulson, Republican, unseated Frank G. Wallin, Democratic mayor for two terms, 7,528 to 6,311.

Hattensburg Re-Elected  
Kankakee—F. Hattensburg, Republican mayor for 12 years, was re-elected with 6,757 votes to 6,103 for Elzie Huot, Democrat.

Lincoln—Alois M. Feldman, Democrat, unseated Mayor David W. Sullivan, Republican, 2,863 to 1,858.

Murphysboro—Clarence A. Hart, Democratic incumbent, was re-elected over Robert J. Smith, Republican, by an unofficial majority of 400 votes.

Canton—Alderman W. Paul Woods unseated Mayor Gus C. Sandberg, 2,393 to 2,325. The election was non-partisan.

LaSalle—Mayor Joseph A. Delmanowski was defeated for reelection by Matt Bildhauer. The election was non-partisan.

Taylorville—J. W. Sprasser, mayor for 16 years, was beaten by Joe McAdam, former principal of Taylorville township high school.

Carmi—Gus Brandt, city councilman for 20 years, was elected mayor over three opponents by a wide margin.

Olney—Incumbent Mayor E. G. Miller was re-elected.  
Edwardsville—William C. Straube, former mayor, was returned to office by a wide margin.

### Wabash And Penn. Railroads Wish To Buy D.T.I. Line

Washington, April 19—(P)—Arthur K. Atkinson, president of the Wabash railroad, said today his line and the Pennsylvania railroad want to buy the Detroit, Toledo and Ironton railroad as a sound investment and a protection for existing traffic arrangements.

The Pennsylvania and Wabash have applied to the Interstate Commerce Commission for authority to buy stock control of D.T.I. and also to acquire the Springfield (Ohio) suburban railroad, a small switching line.

Atkinson and W. S. Franklin, executive vice president of the Pennsylvania, urged approval of the applications at an ICC hearing.

Atkinson told the commission that one fourth of D.T.I.'s traffic is interchanged with the Wabash, which itself is owned by the Pennsylvania.

"With this close traffic relationship, the D.T.I. fits naturally into the Pennsylvania system," Atkinson testified.

The D.T.I. runs from Detroit southward into Ohio and down to Ironton on the Ohio river.

Dr. Wise died at Lenox Hill hospital, where he was admitted early this month for an operation.

### Red Leaders From 69 Nations Go To Paris

Paris, April 19—(P)—Communist and Leftist leaders from 69 nations converged on Paris today to launch the world peace congress tomorrow.

The rank of delegates indicated the congress would be an organized offensive on the propaganda front against the North Atlantic treaty. The pact has been called an instrument of war in the Communist press.

In Prague, Czechoslovakia's Communists hastily organized an "overflow" peace congress for some delegates from behind the Iron Curtain who had not been permitted to attend the Paris meeting.

Russian, Chinese, Mongolian, Polish, Romanian and Hungarian delegates will be among those at the Prague sounding board congress, which will run five days concurrently with the Paris meeting.

Frederick Joliot-Curie, member of the French Communist party and chairman of the French atomic energy commission, will make the opening address to the 2,000 or more delegates in the Salle Pleyel, an auditorium usually reserved for classical concerts.

### Sift Bushel Basket Of Lonely Hearts Letters In Murder

Dover, Del., April 19—(P)—Police began sifting through a bushel basket of "lonely hearts" letters to Mrs. Inez Brennan today shortly after announcing she signed a statement admitting she plotted the killings of two elderly men and aided by her three sons, burned and buried the bodies.

Col. Herbert Barnes, state police head, said the 43-year-old brunette confessed shooting one victim and ordering her youngest son, Robert, 15, to shoot the other.

The police official said she met Woe N. Woodbridge, 70, of Bedford, Va., and Hugo Schultz, 66, of Epom N. H., through lonely hearts club correspondence and lured them to their deaths to rob them. He said Robert told of his mother taking \$134 from Woodbridge, and selling much of Schultz's farm supplies and equipment.

Barnes said her farmhouse on lonely Horsepond road is "filled from top to bottom" with lonely hearts letters.

### Agriculture Group Asks Illinois Ban Daylight Time

Springfield, Ill., April 19—(P)—A proposed ban on daylight savings time in Illinois, to be effective after July 1, was endorsed for passage by the House agriculture committee today. A vote of 16 to 1 sent the bill to the House floor, where it faces a doubtful fate. The lone dissenter was Rep. Paul Randolph of Chicago.

Spokesmen for farm and railroad organizations told the committee they prefer standard time for all cities to end the "inconvenience and confusion" during the summer months. Rep. John K. Morris (D-Chadwick), one of the 17 downstate sponsors of the bill, said that housewives, industrial workers, farmers and railroad men want to do away with the fast time.

"The only persons who benefit from daylight time are the white collar workers, and they don't start to work as early as the industrial workers," Morris said.

He said daylight time interferes with sleep because "you have to be in bed an hour earlier when the humidity is high and sleeping conditions are not good." No witnesses appeared against the measure.

### U.N. Invites 2 Countries To Tell Of Clergy Trials

Lake Success, April 19—(P)—The U.N. invited Hungary and Bulgaria today to tell their stories of the imprisonment of Josef Cardinal Mindszenty and Protestant churchmen.

The Russian delegation indicated the two satellite countries would not accept. Both have filed protests with the U. N. against any discussion of the trials, contending they are internal matters and no business of the U. N.

Last week, however, the 58-nation general assembly voted 30 to 7 to put the church cases on its agenda and go on with full discussion of them.

Russia also told the assembly's 58-member special committee she would firmly oppose efforts to invite representatives here from the Vatican, the state of Israel, or any other religious bodies, as suggested by Bulgaria.

Neither Hungary nor Bulgaria is a U.N. member and Australia's pro-

Joliot-Curie is expected to denounce the armaments race which the congress promoters say has been provoked by western powers, especially the United States.

Mme. Francoise Leclerc, leader of a French Women's organization in relation to France's famed World War II general—gave the brief outline of the program at a news conference today.

She was flanked by Vicente Lombardo of Mexico, representing the Latin American Workers Confederation, Pablo Picasso, the painter, William E. B. Dubois, American Negro writer and educator, and Ilya Ehrenburg, Russian publicist and commentator.

### Jesuit Priest Is Stripped Of Power For Grave Offenses

Boston, April 19—(P)—A 52-year-old Jesuit priest, who declared he had been stripped of his priestly powers for contending there is no salvation outside the Roman Catholic church, today denounced his punishment by Archbishop Richard J. Cushing as "brutal" and "invalid."

Archbishop Cushing said he had barred the Rev. Leonard Feeney, S. J., from the altar for "grave offenses against the general laws of the Catholic church."

But Father Feeney said, "The reason I am being silenced is because I believe there is no salvation outside the Catholic church and without personal submission to our holy father, the Pope, and Archbishop Cushing believes there is. x x x I believe the present silencing of me is totally invalid."

The invoking of one of the gravest punishments of the Catholic church was the newest development in a week-old "heresy" controversy which has stirred the large Catholic population in this city.

The heresy charge first was leveled against Boston College, noted religious school, by three instructors there and another at Boston College high school.

### Troops Keep Order In Strike-Bound City In Argentina

Buenos Aires, April 19—(P)—Troops maintained order today at the strike-bound city of Salta, the scene of the first serious labor disturbance in Argentina since President Juan D. Peron came to power in 1946.

Three persons were killed and 31 wounded in a 24 hour battle between strikers and federal police yesterday at Salta, a city of 67,000 near the Bolivian frontier, 1,200 miles west of Buenos Aires.

Although soldiers patrolled the streets, a strike against private businesses and the provincial government persisted.

Reports received by radio from Tucuman, near Salta, said about 70 per cent of all union members in Salta were idle. Private stores, however, were open for business.

The local general confederation of labor (CGT) had called a general strike at Salta to protest the high cost of living and to demand withdrawal of a recent price fixing decree and the resignation of two provincial officials responsible for the decree. The CGT headquarters in Buenos Aires declared the walkout illegal.

#### SUED FOR DIVORCE

Columbus, Ohio, April 19—(P)—Dr. John F. Cuber was sued for divorce today, four days after he resigned as director of Ohio State University's marriage counseling clinic.

## Wet-Dry Elections In State

### Railroad Bridge Knocked Out Of Action By Barge

Quincy, April 19—(P)—A Chicago Burlington & Quincy railroad bridge over the Mississippi river was knocked out of commission for the second time in five months today when a tow of oil barges sideswiped the drawspan pier.

The empty barges were being towed by the Jack Don.

A preliminary inspection showed the drawspan had been knocked several inches out of line.

The bridge was closed to railroad traffic and all trains were rerouted. The same bridge was disabled Nov. 2, 1948 when a coal barge struck it. The bridge was reopened to traffic last Feb. 8.

### Planes Of Tucker Corporation Sold

Chicago April 19—(P)—A six passenger Beechcraft airplane owned by the Tucker corporation was sold at auction to A. J. Leeward, 118 E. Sherman avenue, Fort Wayne, Ind., for \$21,500 at the Municipal airport today.

Another Conestoga cargo plane was sold to the Aircraft Components Inc., of Benton Harbor, Mich., for \$6,000.

The auction was arranged by the trustees of the Tucker Automobile corporation by order of Federal Judge Michael L. Igoe. The sale will not be complete until the judge approves it at a hearing in the future.

## Stevenson Gives Record High Budget To Legislature

### Solons Say It Puts Illinois On Thin Ice

Springfield, Ill., April 19—(AP)—Illinois lawmakers, reacting to the record breaking state budget unveiled today by Governor Stevenson, said it would put the state on thin financial ice.

The governor himself said his \$1,273,000,000 two year spending plan was in "precarious" balance. He set aside only \$7,000,000 to meet contingencies.

Senator T. MacDowling (R-McComb), budgetary commission member and chairman of the Senate Appropriations committee, said it looked "dangerous."

Will Be In Trouble  
Downing said "we may get by this time but even if we do we'll be in trouble two years from now."

"The big danger is that the sales tax may decline. The governor has pushed his estimate on income right to the ceiling," Downing remarked. Other legislators echoed this view.

Stevenson said he was counting on the two percent sales levy—the state's main financial prop—bringing in \$335,000,000. This is slightly more than during the past two boomtime years.

The governor figures on tightening up collections to take up any slack that may develop. The chief executive's recommendation of \$112,000,000 for common school aid drew mixed reaction.

Rep. Lottie Holman O'Neill (R-Downers Grove) and Rep. W. P. Westbrook (R-Harrisburg) said the sum was "disappointing" even though it exceeded the 1947-49 biennium appropriation by \$46,000,000.

Not As Much As Wanted  
Rep. Charles W. Clabaugh, (R-Champaign), a third house member specializing in school legislation, said it represented "a fine increase but not as much as we wanted."

However, Clabaugh said he wanted to reserve final judgment until the governor submitted his proposals on how the money should be distributed.

A school aid program backed by the Illinois Education association and other statewide groups calls for \$122,000,000. It is now pending before the House Education committee.

Rep. James J. Ryan of Chicago, Democratic floor leader in the House, expressed keen interest in the recommendation to parcel out \$40,000,000 in state funds to needy cities. Stevenson did not say how this should be done. Ryan said the governor has given no indication of the amount Chicago might get.

Several lawmakers, both Democrats and Republicans, praised the budget as an "honest" and "sincere" effort by Stevenson to deal fairly with all applicants for funds.

### Douglas Conducts Tour Of Capital's Slums For Solons

Washington, April 19—(P)—Senators took a slum tour today—right in the capital's backyard—as they weighed a multi-billion dollar housing bill designed to help wipe out "blighted areas" and to build 310,000 low rent dwellings as public projects.

Senator Douglas (D-Ill.) served as a "guide" for his colleagues. First he showed photograph after photograph of squalid housing accommodations located right in the heart of Washington, only a few hundred feet from where the lawmakers sat.

Later he took four senators on a personally escorted tour through the once-fashionable section where brick houses George Washington once built for an investment still stand.

Before leaving for the hour-long inspection, Douglas told the Senate that slum areas here and elsewhere in the country are a "moral cancer, a health hazard and an economic loss."

Slum clearance, he said, calls for a "major surgical operation" for which cities cannot meet the bill unless assisted by the federal government. Under the long range housing program nearing a senate vote, the government would make available \$1,000,000,000 for loans, with an additional \$500,000,000 for grants over a five year period.

WIFE HOOKS HUBBY'S WALLET; HE'S HAPPY  
Wenatchee, Wash., April 19—(P)—There wasn't any stretch to Mr. and Mrs. Chester Parker's fish story, even if they were fishing from a rubber boat.

Parker lost his billfold overboard in the murky waters of Rat lake. Fifteen minutes later Mrs. Parker felt a "nibble" and reeled in the billfold. Parker said the fish hadn't taken a cent of his \$90.

### Will Outline Plans To Arm Pact Nations

Washington, April 19—(P)—The administration's plans to arm North Atlantic treaty nations will be outlined secretly to Senators Thursday by Secretary of State Acheson.

Acheson will appear before the Senate Foreign Relations committee. He also will give the group a full report on the German situation.

Chairman Connally (D-Tex.), announcing plans for the closed session today, said that after hearing Acheson the committee then will decide:

1. When to lift the secrecy on the arms-for-Europe program aimed at bolstering North Atlantic defenses against communism; and

2. When to start public hearings on the treaty itself.

Connally made clear that no decision had been made on when to

### Housewife Enters Well-Shaft To Rescue Girl, 4

Des Moines, April 19—(P)—A 37-year-old mother was the heroine of a well-shaft rescue today—and had to be rescued, herself.

Mrs. Norine Jamison entered the 40-foot well to save Betty Johnson, 4, who had fallen in while playing. A rope holding Mrs. Jamison broke as she tried to loop another line around Betty.

Another rescue worker—a man whose name was not learned—then was lowered into the shaft headfirst. He pulled Betty to safety.

Then another rope was lowered to Mrs. Jamison and she was brought out.

"You'd have done the same thing," Mrs. Jamison told admiring neighbors. "I don't consider it an act of heroism; it was a case of necessity."

The shaft, 30 inches wide, contained 30 feet of water.

A clothes line supporting Mrs. Jamison broke as she tried to tie a line around the body of Betty, who was chin-deep in water, pinned fortunately between a pipe and the well's side. Mrs. Jamison braced herself similarly after the rope snapped.

### Accuse Couple Of Starving Their Infant Daughter

Chicago—April 19—(P)—An unemployed man and his wife were accused today of starving their four-month-old daughter, and the state moved to exhume the bodies of two other of their four dead children.

A coroner's jury recommended that Martin King, 43, a roofer, and Eileen King, 35, be held for grand jury action on a manslaughter charge.

Police already had filed charges of manslaughter against the pair.

A health department worker found the body of the child, Kathleen, in a crib when she visited the King's flat last week.

The jury said death was due to "starvation, toxic absorption from denuded and infected areas, bronchial pneumonia caused by exposure, lack of food, medical and nursing care, and general negligence by its parents."

Dr. Harry A. Leon, coroner's physician, said the child was normal and should have weighed 14 to 15 pounds. Instead she weighed five pounds, eight ounces.

State's Attorney John S. Boyle instructed an assistant, Patrick Egan, to seek an exhumation order for the children's bodies in circuit court.

### Plans To Give Needy Cities \$40 Million

By Louis J. Kramp  
Springfield, Ill., April 19—(AP)—Illinois legislators got a record high, billion and a quarter dollar budget today from Governor Stevenson.

The Democratic governor frankly admitted his spending plans are "precarious," and that he's walking a financial tight rope.

He said he isn't sure the state will get enough money during the two years starting July 1 to pay for them all.

But he declared the budget of \$1,273,000,000 involves "only the most imperative needs."

What the legislature will do about it is uncertain. The leader of the Senate Republican majority told the Senate, however, that "things will start getting pretty hot around here now."

The budget is \$182,000,000 higher than the current appropriations set up by former Gov. Dwight H. Green, a Republican.

Here are two of the main reasons for the total increase:

A \$40,000,000 plan for state aid to cities. This is brand new. How much each municipality would get is not decided.

A \$112,000,000 sum for grade schools and high schools. This is \$11,000,000 below what the schools asked. But it is \$46,000,000 more than they got two years ago.

The governor also called for \$10,000,000 to give state employees a 10 per cent jump in paychecks.

Must Tie The Line  
He hinted that the schools will have to toe the

## WEAKNESS IN MEAT

(Chicago Daily Drivers Journal)

The administration's economic advisors would do well to take a second look at meat, as evidence of which way the economic wind is blowing in this country. There is no logical way to make meat weakness jibe with the conclusions of so-called top-flight economic experts. They still assert that things aren't going to be too bad, and we hope they are right. This is merely a "disinflation"—nothing to feel concerned about. But we wonder.

About meat, two things hit you between the eyes. The supply is moderate, by comparison with recent years, in fact, down from last year. Yet prices sag, in response to weak meat demand. Now, meat is usually about the last thing to be sacrificed, when the family budget starts to pinch. A whole list of other things are cut off first. The "ol man" wants meat on the table; the growing youngsters want it and need it; and "ma" finds it the easiest and surest way to set a satisfying table.

It is to be considered further that today, by any comparison, meat is downright cheap. It is one of few items that has definitely climbed down the price ladder. Many, many other things are just about as high as they ever were. Meat is the bellwether of the entire price list. We have said in the past, and we think it is still true, that the price of hogs is the most significant index in the entire economic picture. The budgeteers and the spenders in Washington would do well to take another look.

As go hogs, so goes the national economy. Maybe not overnight, but in the end, and in the not too distant end.

on and on. Yet convalescence from a disease or an operation is an important part of the recovery process and its importance should be recognized.

Rest is the main key to convalescence. Rest in bed is generally required at first; the person who gets up too soon or stays up too long may suffer a relapse which delays the return to perfect health. During convalescence everything particularly exercise, should be done slowly.

The periods out of bed should be short at first. The amount of fatigue shown after the periods of being up is a good sign as to whether they have been too long or just right.

**SLEEP NECESSARY**  
In addition to gradually increasing the activity, plenty of sleep and soft but substantial foods are desirable. Most convalescents require frequent small meals rather than a few large ones. Special foods may be needed at this time; just what, of course, depends on the disease or operation experienced and must be individually prescribed.

The use of small frequent feedings of easily digestible food is almost always the same, however, regardless of the type of illness suffered.

Convalescents should relax and realize the fact that they cannot expect recovery to happen all at once. Many people are impatient to get well and tend to take chances too soon. The gradual increase of activity, proper diet and resumption of normal life is the best guarantee that convalescence will progress as rapidly as can reasonably be expected. The return of fully normal vigor may take a long time.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

## THE DOCTOR ANSWERS

By Edwin P. Jordan, M.D.

**Question:** Must a patient watch his diet after the gall bladder is removed?

**Answer:** For a while after the operation the diet must be carefully controlled. Later on there is some difference between patients, although the majority are able to eat foods more freely than they did before the removal of a diseased gall bladder.

Montaigne Essays  
Studied At Great  
Books Seminar

Miss Beatrice Teague, professor of French at MacMurray college, was guest leader for the discussion of Montaigne's Essays at the Great Books seminar at the Public Library on Monday evening of this week.

Miss Teague was assisted by Mrs. Ralph Robbins and Miss Emma Mae Leonard.

In relating the life story of Montaigne, Miss Teague described the growing anarchy in French literature and in the troubled political situation of the late sixteenth century when a series of terrible religious wars divided Frenchmen into two hostile camps. During this period, Montaigne kept aloof as much as possible from political and literary strife, studying the eternal problems of mankind in a series of immortal essays dealing with a wide variety of subjects which seem to have been written as the mood dictated. The question with which he was chiefly concerned was, "What do we really know?" and the answer is always, "very little indeed."

Mrs. Robbins, in discussing the essay "On the Education of Children," pointed out the similarity of Montaigne's educational theories to those of the progressive educators of today, crediting him with being the

first of the modern educators as well as the first essayist.

Miss Leonard, in reading the discussion of Upon Some Verses of Virgil, stressed Montaigne's preoccupation with the study of mankind and his reflections on the relationships between men and women with the conclusion that they "are cast in the same mould, and that, education and usage excepted, the difference is not great."

Shakespeare's "Hamlet" will be the subject for discussion on Monday, May 2, when Miss Elizabeth Hastings, professor of English at Illinois college, will be guest leader.

## Russian Film Has Hotfoot For U. S.

Berlin—(P)—The Russians, who complained bitterly in their controlled press when that antiquated Hollywood satire on Communism, "Ninotchka," was shown to guffawing German audiences, now figure on giving the Americans a real propaganda hotfoot in celluloid.

They are going to show German audiences in Berlin and Soviet eastern Germany what they call "a great Soviet film dealing with the most real burning problems of our day." It is entitled "Meeting on the Elbe," with music by Shostakovich, and featuring the famed Soviet actress Lyubov Orlova. It has been a big hit in Moscow.

The film pictures the Russians as defenders of European culture against "barbarians" from across the Atlantic. It shows an American general in Germany importing cigars by the half-dozen truck loads for black marketing.

Also it shows a Russian occupation administrator defeating the Americans at all points. It carries the line that if it weren't for the evil American leaders the "common people" of both countries could get along very well.

## Top Notchers 4-H Club Has Meeting

Winchester—Seven members and four guests were present at the meeting of the Top Notchers 4-H club, held at the home of Cleo Woodson. The meeting opened with a mixer.

"What I Want To Do This Summer" was the topic for roll call. During the business session, presided over by the president, plans were discussed concerning the 4-H rally, the 4-H camp and the next meeting, which is to be held with Marion Rueter on April 26. Jessie Woodson served as game leader. "Happy Birthday" was sung for Gene Ann Wilson, who was celebrating her birthday. Refreshments were served.

## Czech Workers Paid For Ideas

Prague—(P)—High rewards are promised Czechoslovak workers who figure out how to improve work projects.

The ministry of social welfare announced three categories of awards for high-sounding improvements that are not completely new ideas which would qualify as inventions. There are three groups: technical improvements, rationalization projects and administrative projects.

Where a certain "rationalization" is attained without other results, the basic reward is the money saved during one year plus a reward according to tables—\$4 to \$4,000 for group one, and half that for group two.

Where there is no "rationalization" but an "ideal" improvement is attained, the reward is \$2 to \$2,000 if it has extraordinary and national importance.

There is one catch: when the reward runs higher than 200,000 crowns, the ministry of social welfare has to ratify the payment. It has the authority to lower basic sums.

## Scott County 4-H Club Plans Rally

Plans for the spring 4-H rally were made by members of the Scott County 4-H Club Federation at a meeting held in the Legion hall at Winchester.

Present for the meeting was Richard Lyons of the extension service of the University of Illinois, who had charge of the recreation. He also gave a short talk on planning recreation programs.

Marion Rueter, Sue Coultas, Rex Worrelland and Harry Brown were appointed to serve on the recreation committee for the rally.

## WINE TEMPERATURES

According to connoisseurs, the rule for serving red and white wines at banquets is that red wines always should be served at room temperature while white wines, especially champagnes, should be chilled.

## Gomulka Still Has Polish Job

Warsaw, Poland—(P)—Wladyslaw Gomulka still has a government job even though his "rightist" and nationalistic deviation" once created a major crisis in the Polish Communist Workers Party.

The new chief of the state supreme chamber controlling government finances, Brig. Gen. Franciszek Jozwiak, recently retained Gomulka as a vice-chairman.

Gomulka, 43, was until last September secretary-general of the Workers party. He then was accused of "deviation" from principles as laid down by the Cominform. He was ousted as secretary-general. Poland's President Boleslaw Bierut took over the party job, and successfully led the Communists in their drive to absorb Polish Leftwing Socialists into the PZPR—the Polish United Work-

ers Party. That party was formed last December.

At the merger congress, Gomulka, who had previously recanted his "deviation," was once again accused of reverting to his "old, false nationalistic views."

Early in 1949, Gomulka quit as first vice-premier and minister for the western territories "at his own request." He then got the financial post.

**Announcing OUR NEW Clayton CHASSIS DYNAMOMETER VEHICLE ANALYZER**

**A New and Improved Service To Insure Peak Road Performance**

**HOW WE DO IT**  
The rear wheels of your car rest on the traction rolls, which act as a treadmill. As your engine transmits horsepower to the rolls, it is absorbed and measured. The road load set up on the rolls by the operator is changed at will to duplicate every possible road driving condition, and your car's reaction to these road driving demands determines the adjustments necessary to insure peak performance.

Now you can be sure of peak performance from your car. Our Clayton Vehicle Analyzer allows us to check, tune and adjust both engine and driving mechanism under every road driving condition without leaving our service floor. Trouble shooting is done scientifically... quickly... accurately, to determine just where the trouble exists, and at the exact load point. The result is faster service, fewer parts, lower cost and greater satisfaction. Drive in tomorrow.

## Sealed-In Poppa Caught Napping

Hoisted to the hospital window on a fork-lift, Don Haynes shakes hands with his wife Mary and gets his first peek at his new-born daughter Jeannette from the welded-shut car in which he must live a year to win a \$25,000 bet. Haynes expected to do his corridor pacing by driving around the Ashland, Ore., hospital, but was snoring in the family garage when Jeannette arrived. He entered the car Feb. 19.

Tes probably was the first artificially concocted drink. It dates back more than 4700 years in China. The spotted gurnel, or butterfish, rolls its eggs into a ball and coils itself around them protectively.

## Plan Cooperative Water Main For Mound Heights

Articles of incorporation have been issued by the secretary of state to the Mound Heights Water Association, which was organized to build a water main west from the city limits in the vicinity of Mound Road.

The new corporation was given authority under the charter to install, construct and maintain a certain cooperative water main extending from a point at the intersection of Locust avenue in Mound Heights addition, with Mound Road, also known as U. S. Route 36, thence along into and about the streets and avenues of Mound Heights addition.

The incorporators are Howard Stevenson, Robert Kemp and Melvin Lowe. They were represented by Vaught, Robinson & Foreman, attorneys, in application for the charter.

## Scout Leaders To Take Outdoor Training Course

The first session of the outdoor training course for the Girl Scout leaders will be held Thursday at 7:30 p. m. at the Youth Center.

The topic for discussion will be "What Is a Good Outdoor Program—And How Can Girls Plan It." Leader's license forms will be issued and explained.

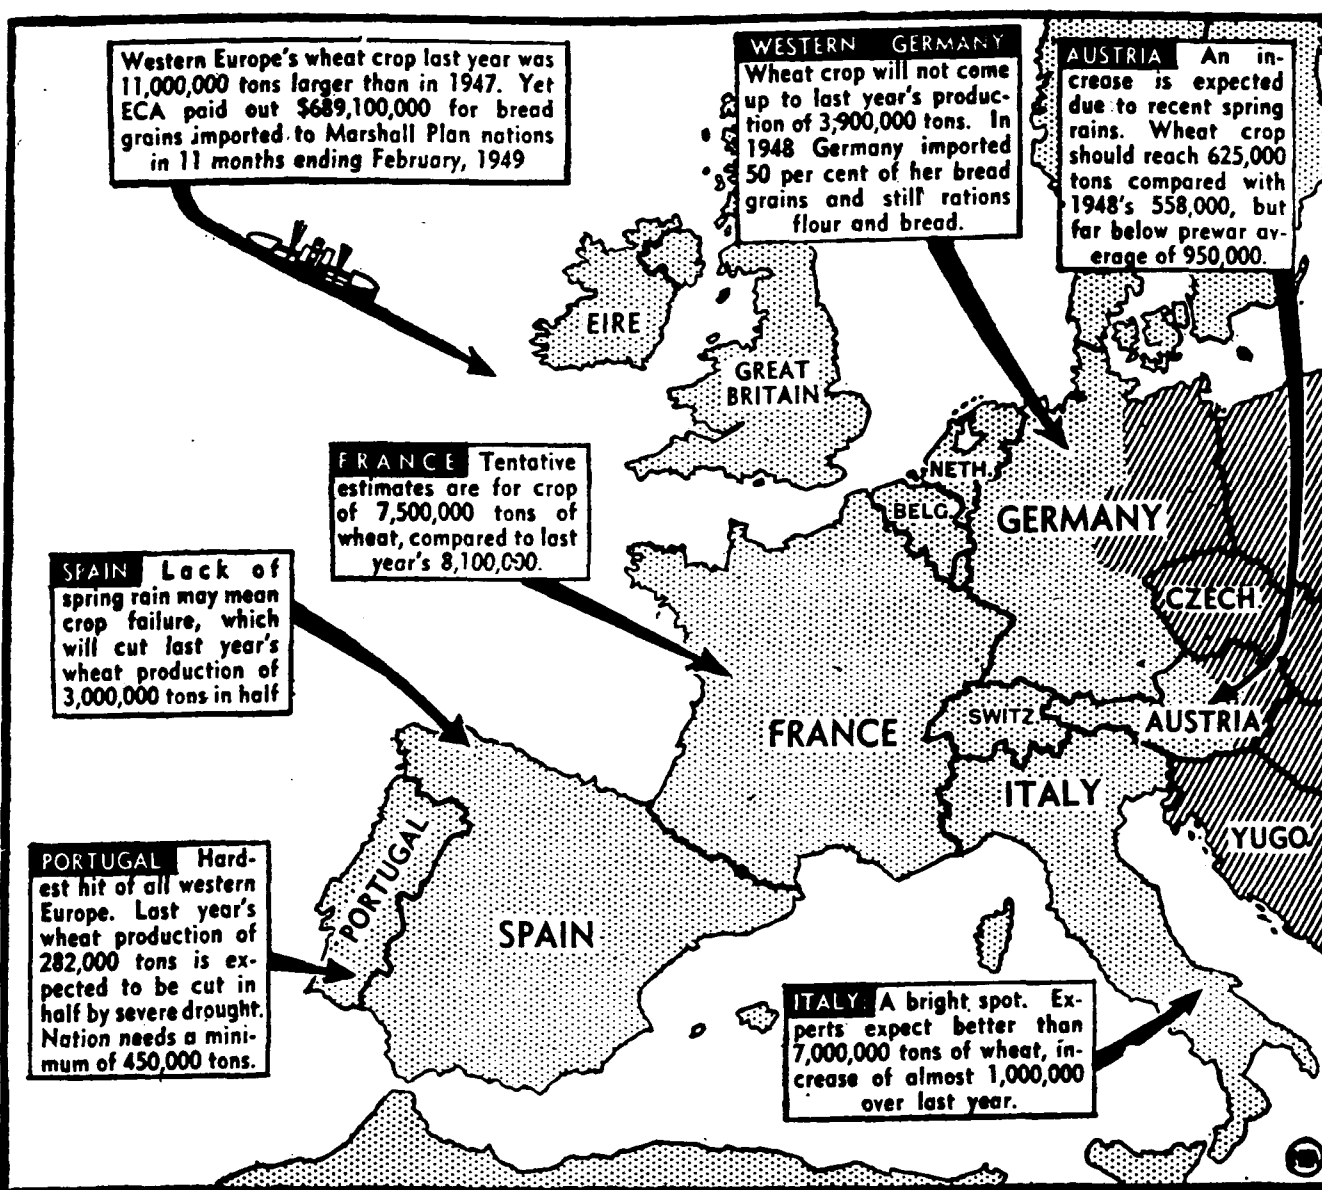

The second session will be a cook-out at the Academy lot, in back of the Youth Center, Wednesday, April 27, from 9 to 11 a. m. It will include fire building, one-pot, stick and tinned cooking.

Planking, reflector baking and aluminum foil cooking will be included in the third session, which is to be a cookout at the Academy lot on Friday, April 29, from 9 to 11 a. m.

The fourth session will include bed rolls, hikes and trails and material to complete the requirements for leader's license to take groups on overnight and troop camping.

## Drought Perils Western Europe Wheat Crop

Most countries of western Europe will need larger imports of wheat from the U.S. and Argentina this year because drought, due to lack of winter snow and rain, will cut crops considerably below last year's bumper harvest. The 1948 grain crop was nearly at prewar level, but still does not solve Europe's food problems because meat and dairy production is down and the population up eight per cent since 1938. This map gives the country-by-country situation.

## Candy Lodges In Child's Throat

Glasgow—Theresa Ann, small daughter of Mr. and Mrs. LaVern Jones, became choked on a piece of chocolate candy Sunday night, while the family was visiting Mr. and Mrs. Marvin Tholen, near Winchester.

Soon after becoming choked, the baby went into convulsions, and was rushed to Our Saviour's hospital in Jacksonville, where the candy was removed. The little girl is now apparently back to normal.

Chicago, April 19.—Annual Illinois Farm Bureau trap and skeet shoot will be held Friday, Aug. 5 at Mathew Gun Club southwest of Springfield, according to Roy P. Johnson, secretary of special services for the Illinois Agricultural Association.

The Mathew Gun Club is near the old airport on route 4. The Farm Bureau trap and skeet shoot is part of the Illinois Farm Sport Festival and is being held in advance of the Festival as in 1948 as the dates of the Festival conflict with the All-American Trap Shoot.

## Recover Body Of Woman From Illinois River

of State St. The point where the body was found by Robert Swan, who was preparing to search for it, was only three blocks down stream.

At a coroner's inquest conducted Monday night by Deputy Paul G. Harrison, a verdict of "death by shock resulting from an attempt to commit suicide" was returned. Witnesses at the inquest testified they believed that Mrs. Dart, who was suffering from a heart ailment, suffered an attack when she entered the water with the intention of drowning herself and that she died from the attack rather than from drowning. It was reported she had been despondent because of her ill health.

Mrs. Dart was born here, the daughter of the late Mr. and Mrs. Fred Philippi. She is survived by her husband and a son, William "Buddy" Dart, who is stationed on Parris Island, S. C., with the marines; two brothers and five sisters.

Services will be conducted at 2:30 p. m. Wednesday at the Simpson funeral home with Rev. James Henderson officiating. Burial will be in the City cemetery.

## Building Fund Of Passavant Rises Above \$520,519

Citizens of the Jacksonville area have pledged a total of \$520,519.98 to the Passavant Memorial hospital building fund, far in excess of the \$400,000 goal, and additional contributions are still being received.

This announcement of the outstanding success of the recent building fund campaign was made Monday night during the regular meeting of the hospital board of trustees, when a resolution of thanks to citizens of this area for their loyal support was adopted by the board.

The hospital building committee has scheduled a meeting this week with Edgar Martin of Chicago, the architect engaged to design plans for the new structure.

Members of the board are resolved to proceed with construction plans as rapidly as possible.

**Resolution Of Thanks**  
The resolution of thanks to citizens of the Jacksonville area for their liberal support of the campaign, adopted by the Passavant board of trustees, follows:

"Whereas, we have been greatly heartened by the successful termination of our campaign to insure funds sufficient to secure the Federal and State grants necessary for the erection of our new hospital, and

"Whereas, we have seen the widespread loyalty, cooperation, and in-

terest of citizens throughout the area, and

"Whereas, we have appreciated the sacrificial effort put forth by so many to insure this success:

"Therefore, Be It Resolved that we express and register our thanks as part of the permanent record of this Board to be spread on our minutes and given to the press to all citizens who have contributed in any way whatsoever to make this victorious campaign possible, and

"Further, that we assure the citizens of the entire area that it is our hope and aim to move as fast as possible toward the construction of the Hospital they have demanded by their whole-hearted support."

## ROGER THE LODGER

By Elizabeth R. Roberts

COPYRIGHT BY GREENBERG, PUBLISHER  
DISTRIBUTED BY NEA SERVICE, INC.

THE STORY: Mr. and Mrs. Roberts has a problem in the form of Roger the lodger, a young lieutenant, who often invites unexpected guests to dinner. Now Roger has arranged a barbecue in honor of three Russian colonels, their wives, Colonel Cartwright of the airbase, his wife, and Roger. But the weather is bad and no party is being held indoors.

XXVI

ROGER arrived with his girl, a secretary in Colonel Cartwright's office. Colonel and Mrs. Cartwright didn't appear until after we had had time to digest—or at least swallow—the Russians.

I, thinking my best chance to make myself understood lay in talking to Colonel Bolovitch who, according to Roger, spoke some English, moved over next to him. He greeted me with a warm smile; his dark-brown eyes shone as though he were filled with inner fire and longed for the words to express it.

"We had planned to have this party in our garden," I said. "Izzatso."

"Yes. But the rain changed our plans."

"Roger thought our barbecue would interest you."

At the word Roger Colonel Bolovitch glanced in his direction. He said, "Izzatso."

"I don't imagine Russia and Montana have much the same climate."

"Izzatso."

"Yes. . . . Though I've never been to Russia."

"I'd like to go," I added brightly. Roger having told me that it was polite enough to the Russians, they might invite me to come to see them after the war.

"Izzatso."

A violinist may be able to play an entire concerto on one string, but I'd like to meet the woman who can maintain a conversation interminably on Izzatso.

Perhaps it was the cocktail, perhaps it was hostess duty. I began again, "English is hard to learn," I said.

"Izzatso."

"Yes, everyone says so."

"Izzatso."

"Roger—" here Colonel Bolovitch looked again in Roger's direction—"tells me you are making great progress in learning our language."

"Izzatso."

I LOOKED around for help. Colonel Bolovitch and I were holding a scintillating conversation, no doubt about that, but any minute I might resort to asking questions. Then what? Colonel Cartwright moved away from the group by the piano and over toward us.

I didn't clutch Colonel Cartwright's arm like a drowning sailor clutches a life raft, but I did take hold of him. "I think it's wonderful how Colonel Bolovitch understands English," I said.

"Is that so?" Colonel Cartwright said.

We were half through dinner, those of us who weren't interpreting, when Colonel Bolovitch proposed a toast to Russo-American friendship.

Colonel Bolovitch proposed a toast to his host and hostess, according to the word-weary interpreter.

Colonel Bolovitch toasted the American Army.

Miss de Luce toasted the American home.

Robbie toasted the Russian Army.

Colonel Cartwright toasted a Lend-Lease.

Mrs. Cartwright toasted Great Falls.

Roger poured wine. The interpreter took another gulp of food. I thought what a pity it was we hadn't simply got down to toasting first thing and then served unadorned barbecue, because as soon as we left the table the

guests seated themselves on the floor and, in the Esperanto of dice, shot craps.

Robbie said to Colonel Bolovitch, throwing down a silver dollar, "I'll fade you."

"Izzatso," replied the Colonel. "Yes, that's so," said Robbie. Only he didn't.

AT 11 o'clock Roger turned on the radio. The announcer's voice blared forth: "Ambassador William H. Standley, in reply to Stalin's statement that the Red Army alone is bearing the whole weight of the war, said tonight, and I quote: 'I have carefully looked for admission in the Russian press that the Russians receive material aid from America, yet I have failed to find any real acknowledgment of it.'"

At the word Stalin, the Russians transferred their attention from the dice to the radio. At the recurring word Russian, they looked more and more interested.

Though heretofore the interpreter had translated any and all conversation glibly, this time he struggled for words. Colonel Bolovitch spoke peremptorily. The interpreter, a far from happy looking man, did his duty.

Colonel Bolovitch rose from the floor. So did Colonel Kolovitch and Colonel Dolovitch. They lent their arms to their ladies. Gravely, all smiles gone, the fire in Colonel Bolovitch's eyes out and the ashes cold, they shook hands with Robbie and me and went home. The interpreter and Miss de Luce accompanied them, mumbling gracious thanks as they sidled out the door, one eye on the Russians and one on us. Colonel Cartwright and Mrs. Cartwright and Roger and his guest left directly after.

I was still in the kitchen when Roger returned. "Well, anyway," he said lamely, "they had a good time until the radio was turned on."

"Izzatso," I said bitterly.

The party was not a total loss; possibly Colonel Cartwright felt he had to make some concrete return for the evening, for, like an amoeba, Roger's silver bar split in half and made two.

# Browns Wallop World Champion Cleveland Indians 5-1 In Opener

St. Louis, April 19.—(P)—Those upstart St. Louis Browns walloped the world champion Cleveland Indians 5-1 today in a season opener featured by the pitching of baby-faced Ned Garver.

Veteran Bob Feller, the losing pitcher, had trouble finding the plate and was jerked after two innings by Manager Lou Boudreau. The only hit off him was a triple to the right center fence by rookie Jack Graham, leading to the first Browns run, but Feller walked three.

The 23-year-old Garver, who may prove to be the strong man of Manager Zach Taylor's weak pitching staff, was effective when it counted most. He gave up only seven hits in going the route and had six strikeouts.

# Error In Ninth Gives Pirates 1-0 Victory Over Cubs

Chicago, April 19.—(P)—Rip Sewell, always a Chicago nemesis, won a pitching duel of 40-year-olds today as the Pittsburgh Pirates nipped the Cincinnati Reds 1-0 in the ninth inning.

Singles by Jerry Priddy and Dick Kokos with a free pass to Graham and outfield fly by Paul Lehner were good for two in the third.

The Browns added two more in the fourth on a safe bunt by Eddie Pellagrini, a sacrifice, and singles by Priddy and Graham, the latter the 1948 Pacific Coast League home run king.

Bases on balls to Larry Doby and Boudreau at the start of the fourth helped the Indians to their lone counter. Doby advanced on an outfield fly by Joe Gordon and rode home on another by Mickey Vernon.

One of the features of the contest was the two-inning stint by Paige, who struck out three of the six men he faced.

Sherman Lollar, the former New York Yankee, started as the Brownie catcher but pulled an arm muscle while at bat in the second and was replaced by Less Moss.

# 3 Track Teams In White Hall Meet

Track teams representing White Hall, Jerseyville and Carrollton high schools will tangle on the White Hall field this afternoon at 3:30 in a gala triangular meet.

The Carrollton standard bearers, who won this annual event last year, are rated as strong contenders to repeat their winning performance but will receive plenty of competition from the White Hall runners.

# Hanback Elected In Murrayville

Murrayville—Walter Hanback was chosen village president here Tuesday in a write-in vote following the resignation of William Osborne, candidate on the Citizens ticket.

Hanback received 51 votes; M. J. Benscoter got 28 votes.

The balance of the ticket was not contested. Lyndal Symons received 94 votes for clerk; Olie H. Phillips got 83 votes for treasurer and three trustees were elected: Donald Blimling, 90 votes; Verda Spencer, 91; and Norris Bacewell, 89.

Russell Keil was named police magistrate. He received 85 votes.

# IC Nine Drops 8-4 Contest To Quincy

The Quincy College baseball club outlived the local Illinois College nine on the Gem City diamond yesterday afternoon and treated their Blueboy guests to an 8-4 set back.

Bob Grove, Hilltopper third baseman, was severely spiked in the second inning of the contest and had to be taken to the Quincy hospital for treatment. He returned home fifth the team and at the latest report is recovering from the wound nicely, although he may miss the Concordia bout here Friday p.m.

It was the ageless story of too many Quincy hits and too many I.C. errors in the ball game. The Gem City club outlived the locals 11 to 5, and Joe Brooks' lads out-erred the Quincy nine 4-2. John Maynard, janky Hilltopper right-hander, went the route for the Jacksonville team. He fell behind in the second frame when Quincy garnered 2 runs off a combination of 2 hits and a Blueboy error and was never able to even up the count.

# Crimson Netters Lose Close Meet To Belleville Crew

A vastly improved Jacksonville high school net crew dropped a narrow decision to the Belleville tennis team Tuesday afternoon.

Allan Day of Ray Elridge, JHS number one and netters, opened with the single evens. Local tennisists Day and Ford collected to sweep a doubles match from opposing players.

A summary of the meet shows: Stan Hopp (B) over Charles Ford (J) 2-6, 11-9. Allan Day (J) over Willis Jackson (B) 5-7, 8-6, 6-3. Ray Elridge (J) over Bill Schlosser (B) 6-4, 3-6, 6-4. Norman Pershing (B) over George Connell (J) 6-4, 6-0. DeRoy Wehrle (B) over David Pierce (J) 6-3, 6-0. The doubles—Day-Ford (J) over Jackson-Hopp (B) 6-8, 7-5, 6-4. Butler-Breitwieser (B) over Pierce-Elridge (J) 7-5, 6-1.

Coach Jim Waltz states that his club is greatly improved and believes he'll find a winning combination before the season is over.

# Wilsonmen In Third PMBC Conference Win

Spike Wilson's ISD nine scored five runs in the sixth inning to smother the Bluffs club 10 to 4 on the westend diamond yesterday afternoon.

Alta Hood was on the hill to open the bout for the Wilsonmen. He was relieved in the fifth inning in favor of Eddy Raffel with the count standing at 4-3. ISD, Raffel finished the tilt in fine shape, allowing a single bingle in the remaining two innings. However, Hood, who allowed three hits, was credited with the victory.

Bluffs Takes Early Lead

Bluffs grabbed an early lead when they pushed 2 runs across the platter in the initial frame. A hit, fielder's choice, and outfield error gave the Bluejays their lead.

The Tigers didn't get going until the third inning, when they tallied three times and went into a 3-2 lead. Villani, local left fielder, rapped a four-bagger over the center-fielder's head in this stanza to account for all three ISD runs.

The Scott county nine evened up the count in the fourth inning. Hood, Tiger pitcher, took too long a stretch with Hutton, Bluff hurler, on third base and the wide-awake Bluffs tasser stole home.

Tigers Regain Lead

The Tigers untied the 3-3 knot in their half of the fourth when they slipped a single run over the platter. Merrill Yates rapped a ground ball through short stop to give the Tigers the tie-breaking run.

The Bluejays stayed very much in the running, when they retied the knot at 4-4 in the fifth frame. Collins, Bluffs catcher, doubled and scored on a wild peg to third by Kwiat, ISD receiver.

The Tigers scored again in the

# 9th Inning Homer Gives Yanks 3-2 Win Over Senators

New York, April 19.—(P)—"Old reliable" Tommy Hendch, came through in the clutch today, socking a two out ninth inning home run to give the New York Yankees a 3-2 triumph over the Washington Senators before 40,075 opening day fans at the Yankee Stadium.

The Yanks nipped Sid Hudson for a run in the third on singles by Phil Rizzuto, Gene Woodling and Hank Bauer's fly out. The Senators tied the count in the fifth and went ahead in the sixth when Ed Robinson homered off Eddie Lopat. The Yanks evened matters in the seventh on two walks and Yogi Berra's pinch-hit single.

Charley Keller, Yank left fielder, strained a muscle in his right side in pre-game batting practice and will be lost to the club from three to four days.

# Reds Open Season By Beating Cards 3-1 On Errors

Cincinnati, April 19.—(P)—Two costly errors by Nippy Jones and Tommy Glaviano let three unearned Cincinnati runs across the plate today as the Reds opened their 1949 National league baseball season with a 3-1 victory over the St. Louis Cardinals.

Ken Raffensberger, veteran left-hander, set the Cards down with only five hits. Enos Slaughter's home run in the seventh was the only damaging blow.

Harry Brecheen worked the first seven innings and gave up all of the Reds' eight hits.

# Braves Take Two Games From Phils 4-3 And 11-2

Boston, April 19.—(P)—After 17 scoreless innings—nine of them yesterday when they were blanked 4-0—the Boston Braves suddenly came to life today and twice defeated the Philadelphia Phillies 4-3 and 11-2 before a Patriots' Day crowd of 30,337 wigwam fans.

In the ninth of the opener Ed Stanky and Al Dark singled in succession off Curt Simmons. Earl Torgeson walked and Ken Trinkle took over for Simmons. Bob Elliott walked to force in a run and Jim Russell singled home two more. A wild pitch let Elliott go to third, whence he lusted across the plate with the winning run after Tommy Holmes flied out to center.

The Phils got off to a short-lived two-run lead against Vern Bickford in the second game but the Tribe added four runs in the third and six more with a six-hit attack in the fourth.

# Dodgers Blast Giants With Homers Before Record Crowd 10 To 3

Brooklyn, April 19.—(P)—Brooklyn New York treated a record opening day crowd of 34,530 onlookers at Ebbets Field to a power attack that all but buried the New York Giants under a 10-3 drubbing today.

The homer-conscious Brooks slapped rightlander Larry Jansen for only five hits in five innings but three of them were home runs by Carl Furillo, Jackie Robinson and Roy Campanella to account for the five runs scored off the Giant ace.

Hank Behrman, former Dodger, took over the Giants in the sixth, and was roughed up for six hits, including a triple by Billy Cox, which were good for five more tallies.

In the meantime, lefty Joe Hatten went all the way for the Dodgers.

A hectic fourth inning in which the Dodgers jolted Jansen for four runs decided the issue. Robinson opened the Dodger half of that frame by belting a homer into the left center field seats. It was his second of three hits. A walk to Carl Furillo, a forecourt and a single by Gil Hodges, set the stage for Campanella's three-run clout. That put the Dodgers ahead, 5-3.

The Dodgers added another in the sixth on Cox's triple and Behrman's wild pitch. They scored four in the seventh on hits by PeeWee Reese, Robinson, Cox and Hodges and a three-base maff by Bobby Thomson of Campanella's towering fly.

The Giants started in a hurry. Billy Rigney picked Hatten's second pitch into the left field stands for a leadoff home run.

Marshall's single, Cooper's double and a base-clearing one-bagger by Buddy Kerr accounted for the Giants two tallies in the fourth.

## MORGAN TO CALIFORNIA—1849

### A Threat of Mutiny on the Santa Fe Trail

By Cecil Tendick

By this time all hands were eager to get to Santa Fe.

The Missourians said, "Santa Fe ain't much to look at, but she's a rip-roarin' town fur shore."

It was all of that. The town and its people were different. The women lacked the cynicism of their northeastern sisters. They told shady stories, kidded strangers, smoked corn husk cigars all day, drank everything offered, tinted their cheeks with vermilion and fluffed their faces with corn starch.

The women liked the visiting "Yanqui." He was tall and handsome and adventurous. And he had money. Unkind folks say the Santa Fe belle was the prototype of today's "modern woman."

The prospects of going to Santa Fe took away a lot of the disappointment connected with the barren gold-seeking expedition. The company headed back to their wagons.

**Return To Camp In Military Style**  
"Thur 12—Warm pleasant morning. The Lost men came in about the time Breakfast was over and reported that they had killed a Bare the day before and brought the most of the meat up to where they had stayed all night. Notwithstanding they had plenty of meat they had eat nothing since the morning before. They were afraid to make any fire on account of the Indians."

"We traveled on about 16 miles and Stopped to noon at the same Branch that we had stopped at as we went out. Here we put the big pot in the Little one and hashed up the dish cook. We roasted Bare meat, Fried slajacks, made coffee, etc. Here we got a fine Bate of cyprents and some of the largest I ever saw."

"After refreshing ourselves and mules we Packed up and rolled into camp. We marched up in double file, the Rangers in front, the Pioneers in the rear with a red handkerchief pinned on the Bayonet of a musket for a flag. When we got in Tires and getting ready to travel by the time we would get back."

But the train didn't leave for ten days. A company election was held. "Sirrus Epler, first lieutenant, was in the new roster of officers. Cyrus Epler of Jacksonville didn't care for California returned in 1850. He was elected state's attorney in 1853 and later represented this section in the Illinois general assembly for many years."

**Individuals Grumble At Major's Orders**  
On the first day out "The Missouri Train Cramed themselves on us by the Maj consent without the permission of the company. It caused a considerable confusion. Some of the wagons talked of leaving."

On Thursday, July 26, the train camped on the south side of "a large creek called Picketwire or the River of Ghosts called by the Spaniards. Here we found 16 graves of whites that had died from the Scurvy in 1847. Here we struck the Rattone Mountains."

"F 27—Clear warm Beautiful day. We had fine Roads for the first 6

days. The Road then took up the Bed of a dry Creek and crossed it several times. The Banks were very high and steep. About 4 o'clock in the Evening there was an Alarm of Indians given by our guide. The wagons was ascending a very Steep and Rocky hill thickly surrounded by numerous Pines, thereby affording us a very convenient Place to Secure our mules and for ourselves. Orders was given to get our guns in order and make the mules secure. About the time all things was Ready it was ascertained that it was only a small party of Spaniards and one Indian given over to Green Horn from San Magill."

"So after the Squall was over the Train passed down a very Steep hill and drove up the Ravine about one mile and Encamped. Here we found first rate water and grass. Very Cold at night. White Frost next morning, etc. Drove 24 miles."

The wagons struggled southward. "Notwithstanding the Roughness of the Road the Train got over safe."

The train commander was a pain in the neck to Mr. Rees. At Red river "the Mule and Missouri ox Trains drove off and left but Peoria and Petersburg Ox Trains by the Command of Maj Joe after receiving something over One Hundred Dollars of guide Money from them."

**The Major Called "Very Religious"**  
The next day "Without Leave or License of the Company they were ordered to Harness up at 7 o'clock. We Started and drove 24 miles and camped on a Large Creek called the South Fork of Red river. Here we had very good grass and but Little wood to cook with. Rained Light shower in the Evening. The supposition was that this day's March was made to get away from those ox Trains in order to get their money. P.S. I forgot to mention sooner that the Commander Joe was very Religious, so much so that he thinks nothing amiss to keep a mule tied up by the neck that he did not pay for."

On July 30 the train visited Kit Carson's fort. "Here we Encamped about one mile from water and half mile from wood. At this place we saw about 75 Soldiers. Had been here since the first of May to guard the Fort and graze their stock, etc."

The train wasn't making much speed. It wasn't until Aug. 2, 1849, that the wagons hit the intersection of Mora river, where the ruts from the mountain trail mingled with those of the desert route, 113 miles east of Santa Fe.

The immigrants found "no grass and Bad Water" at Las Vegas. They admired "Tuckalot, this is a very pretty Little Place" and camped at San Miguel. The next day was Sunday, but they drove to Old Pecos, where it "Rained and hailed Tremendous hard."

The train got into Santa Fe on Aug. 8. It rained for five straight days, "with all Hands doing Less than nothing," although some got drunk. On Aug. 12, with the rain still pouring down the company "settled up with Heslop. Swindled us out of 10 dollars."

## Motel Signs Torn Down Along Roads Leading To City

A. L. Yording, manager of the Yording tourist home located on East Morton avenue, Tuesday offered a \$100 reward for information leading to the arrest and conviction of the person or persons who have been destroying roadside signs advertising his establishment.

The reflectorized signs measure five feet by nine feet and cost about \$100 each, Mr. Yording said. Three of the six installed along roads leading into Jacksonville have been destroyed. One located near the site of the proposed new Passavant area hospital received a coating of material resembling concrete; the other two were dismantled with wrecking bars and left near their sites.

Citizens expressed themselves emphatically against Daylight Saving Time which is expected to bring about a repeal of the present ordinance. In 12 of the 16 precincts the vote stood No. 2813 and Yes. 2322, a margin of 581 against a stepped-up time schedule.

Mayor Ernest L. Hoagland, Republican, was returned to office for another four year term by a decisive majority in yesterday's election, featured by a rousing race between two women candidates for city treasurer, and the defeat of Daylight Saving Time in an advisory referendum.

Hoagland rolled up 3781 votes against 2926 polled by his Democratic opponent, John S. Wright.

The Republican candidate, successful in his bid for a third term, stepped out to an early lead as the first of the 16 precincts reported. The result was never in doubt after the first few precincts showed Hoagland to be a heavy choice for the job. He carried 15 of the 16 precincts, losing in Precinct 11 by 12 votes.
